

Mitigating Risk & Improving Safety in the Hospitality Industry

Prospera Health and Hospitality is a new company providing a holistic solution for hotels and restaurants navigating the new obstacles created by the COVID-19 pandemic.

Our comprehensive approach and extensive product catalogue are tailored to meet the specific needs of your business and exceed CDC guidelines to ensure that your guests and associates remain safe, comfortable and productive.

Not sure how to get started? PHHS has the knowledge, products and personnel to help your property mitigate risks and ensure safety – allowing you to confidently welcome back guests.

As you plan for the future of your business, schedule a consultation with one of our trained professionals to upgrade and safeguard your staff, property and future business.

Q: How do you reinvigorate the hospitality industry during and after a pandemic?

A: Install products and procedures to ensure your staff and guests feel safe and protected.

Medical Expertise + Hotel Experience

The founders of PHHS are based in two industries: hotel management and medical equipment sales. We have decades of experience building, managing and providing services to top hotel brands around the country. Our goal is to leverage years of medical expertise with insider hospitality experience to create the safest hotel and restaurant experiences possible—without sacrificing quality or comfort.

PHHS Product Inventory

We have sourced and curated products for hotels and restaurants that help mitigate risk of illness while maintaining your standards of luxury, comfort and convenience:

- UV cleaning machines automatically disinfect commonly touched surfaces such as luggage, phones, and credit card machines, as well as elevators and entire guest suites.
- Mattress covers and anti-viral bedding help protect not only your guests and associates, but they ensure your investment in high-quality mattresses is protected.
- Air purification units are capable of removing 99.99% of aerosol-transmitted viruses, allowing guests to enjoy indoor experiences more safely.
- Almost all of our products can be customized with your hotel's branding so that guests associate your quality brand with feeling safe and cared for.
- We also offer PPE, well-being products, and sanitation procedures and equipment for associates to incorporate in day-to-day operations.
