

# RICHIE

Richie takes item delivery to the next level - literally! This high-tech step in robotics boasts elevator riding technology to deliver food, drink, and other items to guests while ensuring security and efficiency.

## Features & Benefits

- On-time autonomous deliveries to any level within the building.
- 7 onboard sensors ensure nimble navigation through crowds and tight spaces.
- Stores items securely in its enclosed compartment for safety and sanitization.
- Automated charging to ensure all-day operations.

## Product Specifications

---

**Dimensions:** Height: 38 in. | Diameter: 19.6 in.

---

**Compartment Dimensions :** 10.6 x 8.6 x 11.8 in

---

**Weight:** 99.2 lbs

---

**Battery Life:** 6-8 Hr.

---

**Charging Time:** 3.5 Hours

---

**Running Speed:** 2.95 ft/s

---

**Max Weight:** 22 lbs

---

**Mapping Technology:** SLAM and LiDAR
